Best Reviews Recent Reviews Napoleon Hill was born in 1883 in Wise County, Virginia. He began his writing career at the age of 13 as a mountain reporter for small city newspapers and became America's most beloved motivational author. His work is a monument to individual achievements and a cornerstone of modern motivation. His most famous work, Think and Get Rich, is one of the best-selling books of all time. Hill founded the Foundation as a non-profit educational institution whose mission is to perpetuate his philosophy of leadership, self-motivation, and individual achievement. www.naphill.org to launch their review Of How to Raise Your Own Salary It's the Smartest Book Ever Written. Absolutely everything you need to know about business and life here. The name is very misleading, and perhaps intentional. It's about thinking and acting in order to achieve something. Absolutely everything. Andrew Carnegie himself explained the American philosophy of personal achievements. Reading many books by Napoleon Hills, I thought Napoleon Hill was the founder of philosophy. After graduating from How to Raise My Own Salary, I learned that Andrew Carnegie had given the full philosophy of Napoleon Hill. As a gift. Yet Dr. Hill deserves credit because he added an additional principle outlined in Chapter 17. This principle is like a cherry on the cake (Dutch saying) and will help you un American philosophy of personal achievement explained by Andrew Carnegie himself. Reading many books by Napoleon Hills, I thought Napoleon Hill was the founder of philosophy. After graduating from How to Raise My Own Salary, I learned that Andrew Carnegie had given the full philosophy of Napoleon Hill. As a gift. Yet Dr. Hill deserves credit because he added an additional principle outlined in Chapter 17. This principle is like a cherry on a cake (Dutch saying) and will help you understand why and how the principles described in the previous 16 chapters of the work ... many colleagues were fascinated by the title of the book and wanted to borrow it from me. All I have to say is there's no quick fix about what needs to be done to get a higher salary, and we'd know it all by all. The certainty of the goal is the most difficult to achieve, and once it is sorted out, everything else is just a reminder. This book it'll refer to this book for the rest of my life! the book is so dense with good ideas and metaphors that I have hours of notes written on the material. I am grateful that I had the opportunity to read this book This book is not about salary; It's about a lot more! the book is in many aspects relating to personal thought, action and relationships in relation to success. This is the most influential book I've read to date. Great principles. Everyone should read this book! One of the best books I've ever read! Argument makes sense, but I Little new insight from the book - ideas could have been presented in a much more concise way - found it too repetitive. However, the book is a good read for readers who are in their early professional lives and have not yet read many self-improvement books. Just like How to Win Friends... And Growing Rich ... It needs to be read. The principles are very simple, but it seems unknown. I've worked as a chef, and now with scientists and the picture is the same, in the folk failing to attempt to impress when they can, and be that the best version that few other people prefer to be. It's a great book. The dialogue between Andrew Carnegie and Napoleon Hill, this should be read by anyone who wants to develop their personality and is looking to treat themselves to a better future. It would also recommend Dr. Joe To Bypass breaking the habit of being himself 🙄👉👉 the Great Book. The dialogue between Andrew Carnegie and Napoleon Hill, this should be read by anyone who wants to develop their personality and is looking to treat themselves to a better future. Will also recommend Dr. Joe dispense breaking the habit of being himself 🙄👉👉 ... More Great book about the steps and qualities that you have to grow as a person, business, etc. One of the best books I've ever read you can't go wrong with Napoleon Hill! All these years of labor! Bravo!!! Love it! One of the best self-help books. Stay on my anxiety forever and have to read for those who want to get the best out of their time. Stimulo livro, mas podia diminuir mais os capitulos. This review was hidden because it contains spoilers. To view it, click here. Very helpful, I enjoyed this read. It is based on the details of the plan to start a project of Napoleon Hill for research with Mr. Carnegie. Os princ'pios do sucesso pesquisados e analisados ao longo de decadaes por Napoleon Hill San apresentados aqui na forma de entrevista com seu mentor, o magnata do aso Andrew Carnegie. Hill um author clasico na literatura de autoajuda financeira e foi pioneiro no genero. Suas ideias sobre foco e motiva'o sem d'vida funcionam. this book is also called think your way to wealth, I have two copies, and yes, it's the same book with a different title , at first I do not understand why he changed the title, how to raise his own salary, all (including me) focused on the word SALARY, and the key word here is HOW, because in this book Napoleon Hill teaches his principles better than in his previous books , he wrote it in such a way that everyone could understand how to apply them, because he repeats every new book also called think your way to wealth, I have two copies, and yes, it's the same book with a different name , at first I do not understand why he changed the title, how to raise his own salary, all (including me) focused on the word SALARY In the time as a keyword here HOW, because in this book Napoleon Hill teaches his principles better than his previous books, he wrote it in such a way that everyone could understand how to apply them, because he repeats each new step and reminds him in each next chapter with a very exhaustive explanation, I felt mature in the style of Writing napoleon hill. but unfortunately on the other hand, I really don't think the book contains a real discussion, for me it's a discussion just as Napoleon Hill imagines it can be, just like his discussion with the devil in outsmarting the devil, plus he's already said that he's holding an imaginary council meeting with his invisible advisers, which Andrew carnegy is a part of. maybe it's his way of perfecting his style, but I'd have enjoyed more if he had said from the beginning that information like Andrew Carnegie would have told them. I still recommend this book, it's like an updated version of think and get rich or maybe something that it should have been from the beginning. ...
